

Structure of the participation costs

The participation fees **for EU students are 1.500 € per semester** and **for Non-EU students 4.500 € per semester**. The fees are independent of the selected mobility track, which is required by Erasmus Mundus.

Remark: Since at LTU and UPC study costs of Non-EU students are not covered by the government and these students may require more intensive tutoring, the tuition fees for Non-EU students have to be higher.

Participation costs are collected by the **Central management office (CMO)** at UdS and redistributed among the CMO and the partners.

Central management office (UdS):

- Personnel Costs:
 - Personnel for management activities
 - Personnel for local coordination and their travel expenses to events (e.g. Steering Committee)
